

# GUGO Revenue Allocation - 4 Wallet Model

This document outlines the revenue allocation model for the GUGO ecosystem using four core wallets. Each wallet receives a percentage of total revenue with the Operations Wallet managing internal sub-categories.

GUGO Revenue Allocation by Wallet

## Operations Wallet - Internal Tracking

Although the Operations Wallet is a single wallet on-chain, internal tracking divides its 33.33% share into the following categories:

- Seasonal Events: 30% of Ops Wallet (10% of total revenue)
- Emergency Reserve: 15% of Ops Wallet (5% of total revenue)
- Dev + Infrastructure: 30% of Ops Wallet (10% of total revenue)
- Marketing + Growth: 25% of Ops Wallet (8.33% of total revenue)

## Operations Wallet - Internal Breakdown
